TRYING TO KEEP THIS column sort of light and airy this week turns into quite a chore based on recent developments.

We really have to work at it.

To make the going a little easier, we placed in a prominent spot on our desk one of the cards that Ed Fabbri, Bank of America manager, had printed recently. The cards were distributed to BofA employees who conspicuously displayed them.

This is the simple and brief message on the card:

"SMILES are contagious
Let's start an epidemic."

It's a nice thought.

But golly, it is difficult to carry out under some conditions.

Like this past week.

We refer, of course, to the letter by Herb Wadley, president of the Campbell Elementary Teachers Association to newspapers in the Atascadero area where Neal Royer, former Campbell School superintendent, is now working.

It was no smiling matter.

At least, we didn't see any around after The Press, in a front page news story called attention to it.

Smiles, we mean.

Did you?

IN PUBLISHING THE contents of the letter in the last issue before the tax increase election, we recognized that we would be accused in some quarters of sabotaging the election. Or worse.

That type of criticism was expected. It is an occupational hazard that newspaper people constantly face.

Conceding that the timing was unfortunate on the part of The Press, we think it should be emphasized that this newspaper was only reporting an action that had already taken place, to wit: the letter had been written and The Press had just learned about it.

We submit then that the writer of the letter was the one who should have been concerned about "the timing" when he sent his missives to the newspapers in the Atascadero area with the clippings enclosed.

Obviously The Press did not have to report the incident at all.

Or The Press could have "sat on it" until after the election.

But, honestly, would you want or expect your community newspaper to react in that manner?

We think the impact that was made on the community by that particular news story indicates that the public felt the matter was of an extremely serious nature and needed airing.

One just does not sweep that kind of stuff under the rug.

It leaves too big a bulge.

OVER THE YEARS THAT we have meandered around golf courses, we have more or less become resigned to the facts of life with respect to what could be termed "our golf game", if one stretches a point or a stroke or two.

We somehow have trouble climbing out of the "hacker" category.

There have been times when we thought our game was improving but it generally was a false hope.

We continue playing probably because we enjoy getting out in the fresh air and the sociability of the company we have on the courses.

And, of course, we receive the same type of golfing literature that the players get who know what they are doing on the golf course.

Of course, we read the stuff, so we can talk about the game intelligently, even if we can't seem to play it.

One piece of literature we

Voters reject school tax increase

Voters in the Campbell Union (elementary) School District on Tuesday, in one of the largest turnout of voters in the district's history, (38.8%), turned down a proposed 50-cent increase in the tax rate of the district from $2.55 per $100 assessed valuation to $3.05.

In only three of the 22 precincts (Castlemont, Sherman Oaks and Forest Hill) did the "yes" votes carry the day.

The "no" votes collected 54.6% of the total 10,732 votes cast, with the "yes" getting 45.4%.

Park plans get approval

Plans for three more neighborhood parks, at Rosemary, San Tomas and Capri schools, were approved by the City Council on Monday night.

Prior approval had been given the plans by the trustees of the Campbell Union (elementary) School District.

The parks will be developed under a joint agreement between the city and the school district in which the City of Campbell from park bond funds allocated $10,000 per school. The school district will maintain the parks.

Previously, approval was given the plans for parks at Dover, Hazelwood, Rolling Hills and Forest Hill schools.

In 1969, the voters within the City of Campbell approved a bond issue of $625,000. Of this total, $80,000 was specified to be used for developing eight neighborhood parks.

Council rules fire station to stay in downtown area

Campbell's "downtown" fire station long located on Central Ave. across from the city hall will remain at that location rather than be relocated on city-owned property on Campbell Ave., near the Congregational Church, as a result of City Council action on Monday night.

NEW COMMISSIONER--Oleg Lubeckis, 60, of 511 Division St., Campbell, was appointed to the Planning Commission by the City Council on Monday night. Lubeckis, owner of O-L Tool Engineering, fills the vacancy on the Planning Commission created by the resignation of Ed Pack, whose term would have expired in August, 1973.

Lubeckis, a long-time resident of the area, served on the steering committee for the civic bond improvement election in 1967 as finance chairman.

The action by the City Council came as a result of study sessions in which the councilmen had questioned the validity of constructing a new station on Campbell Ave. to replace the present one on Central Ave. The site on Campbell Ave. had been purchased with 1967 bond funds.

The General Plan for the downtown area and the public facilities element of the General Plan both indicated that the future location of the city's second fire station would be the Campbell Ave. site.

The plan shows that the present fire station site would be used for offstreet parking after the station was removed in conjunction with the final development of the north loop street.

As a result of the Council action on Monday, Bill Wren, public works director, was directed to contact the property owners involved in the downtown development with respect to the effect the new policy would have on any proposed offstreet parking district.

In other actions, the Council approved the recommenda-

(EDITORIAL)

by George Vierhus

The Campbell Press has been charged by a teachers' group with publishing an "untrue" article in the last issue of this newspaper.

The Press resents this unfounded accusation and submits the following information which will allow the readers to judge for themselves.

It has been charged in a letter distributed by the Campbell Elementary Teachers Association (CETA) Representative Council to CETA members last Friday that a news article appearing on the front page of The Campbell Press in the issue of Feb. 23 was "untrue".

To quote from the first paragraph in the aforementioned letter:

"The CETA Representative Council wishes to make it clear that the article appearing in the Campbell Press accusing Campbell Elementary Teachers Association membership of sending clippings to the Paso Robles newspaper is completely untrue. At no time did the CETA or any "unit" of the CETA distribute information to Paso Robles."

In the second paragraph, however, it was stated that the president of the Atascadero Teachers Association had requested the president of CETA to send news clippings to the Paso Robles newspaper.

In order to clarify the situation and, in defense of the position of this newspaper, The Campbell Press today presents exact copies of letters that were sent to the daily newspapers in Paso Robles and San Luis

City Council approves first Easter Parade

Campbell's first annual Easter Parade, which is scheduled to take place on Saturday, April 1, received the approval of the City Council on Monday night, after a presentation by James W. Payne, Sr., parade director.

Betty Piper, of Marquis Travel Service in the Campbell Plaza Shopping Center, is assistant director.

The parade will form in the West Valley College parking lot on Rincon Ave. just south of Campbell Ave. (across from the high school). It will move east on Campbell Ave., to the intersection of Bascom and Campbell avenues then north on Bascom in the west lanes to the PruneYard entrance and then to the north parking lot of "The Towers" where the parade will disband.

"The Joy of Easter" has been selected as the parade theme and the floats that will be entered will carry out the theme.

Parade officials emphasize that anyone can enter a float but the deadline for entry is March 15. Float program outlining construction and other details will be mailed to interested parties.

Individual, group and equestrian entries should contact the parade directors before March 15. Commercial displays will be discouraged, parade officials point out, because it is a parade "for the people."

Prizes will be awarded for floats, individual attire, and group themes in keeping with the overall theme of "The Joy of Easter."

A beauty pageant is planned under the direction of Bette Stewart (378-3571) and a queen of the parade will be selected. Any girl above the age of 16 residing in Campbell is eligible to enter the beauty pageant.

A Queen's Ball honoring the queen and her court is planned for Friday, March 31, at Campbell High School starting at 7 p.m.

Parade awards will be made in the Gran Plaza of the PruneYard at approximately 2 p.m. on Saturday.

BETTY PIPER
--parade assistant

Payne, the parade director, said that a special souvenir program is being planned and groups wishing to aid in the selling of the program should contact his office. Payne is located in The Towers at the PruneYard (371-0811).

Committee chairmen who have been selected include, Bob Tellesen, floats; John Bliss, advertising and publicity; Rusty Hammer, reviewing stand; Bill McLain (Rotary), parade participants and bands; Bette Stewart, beauty pageant; Jeanette Watson, awards; Jacquin de Moire, entertainment; Roger Lee, special events.

Payne reported that a number of entries in all phases of the parade have already been firmed up, including four floats.

Application blanks for both the parade and beauty pageant can be found on page 10.

GENERAL PLAN HEARING

Planning Commission meets in San Tomas area tonight

Members of the Planning Commission will hold a hearing in the cafeteria of San Tomas School, 1510 Hacienda Ave., this evening (Wednesday) at 7:30 on the general plan of the city involving the so-called San Tomas area.

The area under discussion is bounded by San Tomas Aquino Road on the north and Burrows Road and San Tomas Aquino Road on the east, Pollard Road on the south and the city limits on the west.

At the present time, the area is 69.8% low density and the general plan projects only a slight change in the future dropping to 60.1%.

At the present time, there is now
is no low-medium density residential in the area and the general plan contemplates 23.5% of that type. There would be change in the medium density which is 1.9% now.

At present time, only 3.1% of the area is being commercially used and the plan would change that slightly to 3.6%.

Now 12.8% of the area is in public or quasi-public use and no change is anticipated in that category. Of the area under study tonight 12.4% is now vacant.

The hearing tonight is the seventh in the series relating to the general plan that the Planning Commission has held throughout the city.

POSTPONED

The fund-raising basketball game sponsored by the Campbell JayCees to aid in their project to complete Rincon Park has been postponed until late in March, according to Dave Valkenaar, JayCee president.

Progress edition, Mar. 8

The annual progress edition of The Campbell Press is scheduled to make its appearance next Wednesday, March 8.

This will be the seventh such edition published by The Press.

Obviously this year's special issue will report on some activities that have been reported in previous years. But there will be changes.

In previous years The Campbell Press has published the progress edition earlier in the year, generally in February. This year, however, we moved the date to March to coincide more closely with the 20th anniversary of the City of Campbell.

The City of Campbell was incorporated in March 1952 and in the special issue next week, the emphasis will be placed on the progress that has taken place in the City of Campbell over this 20-year period.

Each time The Press has published a progress edition, it has been pointed out that "growth" alone does not necessarily mean "progress."

And, we also add, that progress has a different meaning to some people than it has to others.

We think it can pretty well establish that because of the intense interest that the citizenry, both young and old alike,has manifested in ecological factors, that what may have been considered "progress" in years gone by has the opposite meaning today.

However, the progress edition this year of The Campbell Press will be more or less a tribute to the City of Campbell on its 20th birthday.

For people, as well as cities, 20 years is considered young.

Thus, Campbell, therefore, is a young city.

But, as also is the case of many young people, there have been major accomplishments on many fronts.

There is also, as in the case of people, an exciting future ahead.

Therefore, The Campbell Press in next week's paper will attempt to review these accomplishments and by the review indicate perhaps what lies ahead.

We suggested that "growth" does not necessarily mean "progress."

There has been a tremendous growth in population in the city during the past 20 years. More than three times the number of people today are living within the city limits than were within its borders in March, 1952, when the city was incorporated.

But a city with 25,000 population is still considered "small."

So Campbell in 1972 then can be considered both "young" and "small."

So the future is very important to both the city and its people.

In next week's edition, the various city departments that make the city tick will report as to how their activities have changed over the last 20 years.

Obviously, in many instances, some of the departments that are vital today in the operation of the city were non-existent back in 1952.

And other departments have expanded to a tremendous degree.

What is so intriguing, of course, about the 20-year development of the City of Campbell is that one might say it started from scratch and has matured into a thriving, progressive municipality.

We think the 20-year history of the City of Campbell is an interesting one.

We concede, of course, that there was a Campbell community long before there was an officially incorporated city.

Much of the tradition and historical background of this community goes back to before the turn of the century. The Campbell Press, for example, was established in 1895.

But there have been many drastic changes made in the last 20 years in this community.

And, in most cases, we think the changes can be called progress.

Obispo.

The Press calls attention to the following points in the letters:

1. The letters are on the regular letterhead of the Campbell Elementary Teachers Association.

2. The letters are signed by Herb Wadley, president, which indicates his official status.

3. The first sentence reads "It has come to our attention---", a plural terminology.

4. The letters do not mention that the clippings were sent to the newspaper at the request of any organization in Atascadero.

5. The Press submits that when a president of any organization uses the organization's letterhead in writing a letter and signs his name as "president", he is committing his organization, unless it is specified otherwise in the contents of the letter. And there is no such specification in this case.

The Campbell Press regrets that the reporting of the letters that had been sent to the San Luis Obispo County newspapers came at such an inopportune time. That is as far as the tax increase election was concerned.

It is also regrettable and distressing that such an action on the part of the unit president is a reflection on the total membership, a majority of whom, we are confident, would not condone it.

On the other hand this newspaper felt that the letter-writing incident warranted exposure. The "timing" was incidental.

It was not the intention of the Press to discredit the CETA in any manner.

The Press suggests that the "discrediting" had already occurred before this newspaper reported the incident....

received recently suggested that we join a club with San Jose headquarters called "perfect shot."

It seems that for a $10 annual membership fee, we would be protected when we made a "hole-in-one" or a "double eagle."

Traditionally, as many of you know, whenever a hole-in-one occurs, there is almost always a mammoth celebration in the clubhouse with the guy who made the "perfect shot" picking up the tab.

For the annual membership fee of $10, this "perfect shot" club would pick up the bar bill and apply what was left from $1000 toward a special vacation of one's choice.

It was nice to be asked to join such an exclusive club.

However, our past record on the links would seem to indicate that it would be like putting ten bucks down the hole.

Rather than the golf ball.

ON THE OTHER HAND, another offer via a press release we received in the mail relating to golf could possibly have some value to us.

A 30-page booklet written by a golf pro called "Guide to Strategic Golf", we were informed, would be available at no charge. All we had to do was to write for it.

This golfing guide maintains, according to the blurb that it could help both the beginner and the advanced golfer chop three or four strokes from his score.

The booklet, the press release reported, emphasizes playing position, green strategy, how to map out each hole on the course you play regularly and how to approach a new course.

Although we are skeptical about the booklet helping our game in any way, we intend to send for it.

After all, with our game what do we have to lose?

IN A SADISTIC SORT OF way, it was somewhat comforting to learn recently that "foul-ups" occur in big concerns as well as in the two-bit type like ours.

The office the other day received a phone call from Pan American World Airways asking if The Press was, by chance, expecting some sort of shipment from England.

The gal on the phone at PanAm was trying to track down the destination of a package that had been shipped from London, England.

The address on the package was to "J.R. Campbell Newspaper, San Jose, Calif."

She thought the shipment contained some sort of periodical, although she wasn't just sure.

She had gone through the directories trying to get a hint of an outfit in the San Jose area to which the address would apply.

She hadn't been too successful, she reported.

She had noted the listing of The Campbell Press and took a flyer on us.

We explained that shipments from England to The Press would be a rare event indeed and, if such an eventuality would ever occur, we would be certain that the address would be quite explicit, as it obviously would be a major event for The Campbell Press.

Someone in the office then suggested that possibly the package was for a wholesale paper firm located on "Campbell Ave." in San Jose, the "J.C. Paper Co."

Although it sounded a bit far-fetched, the PanAm gal thanked us and said she would give the paper house a jingle.

We didn't follow through and learn what the final result was.

Is the package from Britain still resting in the Pan American Airways office in San Francisco?

Is the sender in jolly old London still wondering if the shipment got through to the "colonies"?

And was it sent "collect" or prepaid?

If we find out, we will let you know.

We are sure you must be terribly interested.

Good show and all that.

THIS HAS NOTHING TO with anything in particular, but we can't help wondering, if we didn't make a mistake when we surprised our Dorothy with a clock-radio for her birthday.

You see, we belong to the "soundest-sleep-is-just-before-you-have-to-get-up school."

Now this clock-radio clicks on with soft music and the news in the early morning hours, barely loud enough to hear, but loud enough generally to wake us.

So we lie there in our early-morning stupor, sort of straining our ears to hear the news, which seems to be interspersed with the tempo of the orchestra.

You know what that does to our sleep.

There is no need even for the alarm to go off.

We are already awake.

Shucks, in the old days, when the alarm sounded, one could slap it off almost without waking up and then go back to sleep.

We all have problems.

The Council also established a policy with respect to retroactive pay during salary negotiations with city employees. The Council ruled that retroactive pay would revert to the first of the month in which negotiations were completed.

The Council also directed staff to work with Mrs. Jeanette Watson in the drafting of an ordinance for Council study that would establish a Civic Improvement Commission which would replace the beautification committee, but would take in a much wider range of activities.

The idea of the new commission was presented at a recent joint study session of the various advisory commissions of the city. In a related matter, the Council also approved a study be made, as recommended by the Youth Commission, on the need for a youth center and added that the study should include all phases of recreational activities of the community.

The Council on Monday approved the semi-annual allocation of $5000 for the Chamber of Commerce and also approved two requests for Kirkwood Plaza, one for a one-day flea market and the other for a three-day camper and trailer show in May in which distributors will display their products at the center.

The Council approved a rate increase which had been requested by Mission Yellow Cab Co., the company serving the city, and also in a related matter approved a restricted owner's license for two other taxi companies, GI and United Taxi.

The Council approved an increase in the pay scale for election precinct workers. Increased also was the rent that will be charged for polling places. Under the new rate, which will be in effect for the municipal election on April 11, judges and clerks will now receive $18 and inspectors, $21. They have been paid $15 and $18, respectively. Rent will now be $18 instead of $15.

Planners face light agenda as Amato site plan moves on

As compared to the last meeting (Feb. 22) when the modified plans for Dura Style Homes for the Amato property highlighted the action, the Planning Commission meeting next Monday, March 6, faces a light agenda.

By a 5-1 vote, the Commission at the last meeting approved modifications to the long-pending 31-acre Amato property site plan that had been presented by Mike Engdol of the development firm.

The Commission had approved the original plans also but the new plans had come back for action by City Council direction.

The recommendation of the Planning Commission goes before the City Council for action on Monday, March 13.

The site plan for the property includes a combination of town house complexes and single-family homes. Residents in the area have bitterly and vigorously opposed the proposal, contending that the area should be developed solely with single-family homes.

Engdol, however, has maintained that his plan complies with the city's general plan as far as density is concerned. Since the plan was originally proposed in December, Engdol has increased the lot sizes of the single-family units to 6000 square feet; reduced the units from 233 to 217; increased the single-family homes from 47 to 52 and reduced the town house units from 186 to 165. He also added single-family units facing Latimer.

However, at the Planning Commission hearing, the residents in the area still voiced their opposition.

Those objecting included Bob Sneed, of 241 Victor; Jerry Hansen, of 94 Amato; Vernon Hexisinger, of 74 Jane Ann Way and Bob Chance of 250 Coventry.

Sneed submitted that the amended plan would still be unacceptable to residents south of Campbell Ave. and the others claimed that the density was still too high.

Mrs. Mary Anne Barton, of 926 Hedegard, commended the Planning Commission for its efforts to bring down the density.

After the discussion, Commissioners Bob Stewart, Carl Larson, Norm Paul and Myron Alexander and Chairman Dale Scott voted for approval with Commissioner Don Hebard casting the lone negative vote.

In other actions that night, the Commission approved the plans for expansion of Wheel-Away Cycle Center at 402 E. Hamilton and for a warehouse for Leo Rotondo for Halverson Plastics at 88 and 96 Dillon.

Mobil Oil was granted approval for canopies at Bascom and Campbell avenues and the zone change request of Ivan Kucich (from C-1-S to P-D) at 1845 S. Bascom was approved.

Prezoning to R-M was also approved for two annexations in the White Oaks area.

At next Monday's meeting, Shell Oil is asking for approval of canopies at 570 E. Hamilton and Ray Kanawyer is requesting approval of special development plans for a four-unit complex at 710 West Valley.

Plans for a three-unit complex for Ben Marone at 1535 Van Dusen will come before the Commission.

Also before the Commission will be the request of Gold Seal Realty for a zone change from R-2-S to P-O (professional office) at 494 Nottingham Way (at Hamilton). A former residence at that location is being used as an office.

Parking requirements for a proposed carpet store at 423 E. Hamilton will also be up for study.

Letters to the Editor

THANKS TO ALL

Dear Editor,

We, of District Nine Executive Committee of Camp Fire Girls would like to express our thanks to the community for their support of our recent County wide Candy Sale held by the girls. For the cooperation of the local merchants who provided the girls space to sell and to the individuals who purchased the candy, we extend our gratitude.

Sincerely,
Mrs. Marilyn Buckler
Candy Sale Chairman
Mrs. Ellie Rumbaugh
Publicity Chairman.

WHY A "NO"

Dear Sir:

This man Herb Wadley has really done it now!

By being billed as the President of the Campbell Elementary Teachers Association I can only assume that he carries into his position the kind of moral, intellectual, and mature characteristics that the teachers of our Campbell children have chosen for the man who represents them in that capacity. In other words, he must be what they want!

Well, all I can say is this. I have lived in Campbell for 20 years. My children have attended Campbell Schools for almost that long. I have voted yes for every bond election, whether school or city bonds that has been held in all that time. I was intending to vote the same way on this next one Tuesday.

But this man Herb Wadley has done what no one else has managed to accomplish before!

So long as this man represents the Campbell teachers, I shall never vote yes for any Campbell School Bond. If he truly represents the thinking and attitude of our teachers then they will not receive my support.

I feel very sorry for Jim D'Avis who must head up as inept and controversial a Board as can be found. I, along with many others were forced to stand by while out and out character assasination was performed on Neal Royer. I have watched this man Wadley and others perform at school board meetings.

But as a taxpayer and a concerned citizen, and a father of children raised in Campbell, I DO NOT have to lend my support to a group who is represented in wage negotiations to secure money I might vote, by a man who with the support of his Association would in such "malicious and unfair" manner (as some civic leaders are quoted as saying) mail newspaper articles about the Royer case to the area where Mr. Royer is now working.

I can think of stronger words than "malicious" and "unfair" but perhaps our teachers won't need to have the words spelled out for them when they realize what this man has done for them. O. K. teachers, you've got him. And I've got my "no" vote!

Yours truly,
Charles F. Runner

Obituaries

FRANCES V. WALLNER

A Mass of the Resurrection was said last week at St. Lucy's Church for Frances V. Wallner, 59-year-old clerk at the West Valley Pharmacy who died in a Los Gatos hospital following an illness.

In recent years she had made her home at 2643 S. Bascom Ave. A rosary was said on Sunday and services were conducted Monday with a Mass at St. Frances Cabrini Church and burial in Santa Clara Catholic Cemetery.

A for your thoughts

SEEING RED

We all have our favorite colors-some we like to wear and some we prefer to live with and use in decorating our homes. Have you ever wondered if there is any significance to the colors you like?

The experts have discovered, that along with handwriting analysis and horoscopes, one can tell your personality by the colors you react to the most intensely.

There is even a do-it-yourself book out on the subject. First, you pick from the color chart the color which gives you the most emotional feeling. Second, you pick the color you like the best. Then you turn to the page with these colors listed, and there you are in black and white, (excuse the pun) it's actually a lot more complex than what I've described, but fun, none-the-less. Why not try it in your spare time?

ME AND MY BIG MOUTH

How would you like to be a charter member of the Campbell Foot-In-The-Mouth Club? Being an old hand at the sport, and needing some company, I felt an urgent need to gather fellow foot-in-the-mouth'ers together. It's a sure bet we can find plenty of qualified candidates around here, but they must be serious.

As a friend pointed out, what we really need is a solution to the problem of how to get your foot out again. We might even invite Spiro and Martha to join our organization, and give us some expert advice.

First, some ground rules, however. There will be no meeting, no dues, no rules, and definitely, no work involved in membership.

Putting your foot in your mouth is hard enough work all by itself. So if you've "done it" too, and would like to become a charter member of the Campbell Foot-In-The-Mouth Club send a self-addressed stamped envelope to yours truly, c/o The Campbell Press, P.O. Box 158, Campbell, Ca 95008. I'll send you a free membership certificate, in my spare time, (between putting my foot in my mouth and taking it out again).

A TOUCH OF THE LIGHT

A woman shopping for a present for her husband was determined to get him out of the stodgy, conservative clothing he had always bought for himself. So she said to the saleswoman in the men's-wear section of the store, "I'm looking for something wild and youthful in a pair of men's slacks."

The saleswoman sighed and replied, "Aren't we all, dearie, aren't we all!"

West Virginia, Gazette.

CANVAS ENDS

The annual residential canvass by more than 10,000 Heart Fund volunteers ended Sunday, but Santa Clara County Heart Association leaders urged residents who were not contacted to make their contributions by mail.

Last year, nearly 10 per cent of the total of $90,000 contributed through the residentail canvass was sent to the Heart Association in these envelopes.

CARD PARTY

Refreshments will be served at the monthly card party of the American Legion Auxiliary, No. 158, West Valley, on Monday, March 6 at 1 p.m. in Post Hall, Dell Ave.

Offspring help Mrs. Pyzer celebrate

The children of Mrs. Merle Pyzer hosted a champagne birthday reception in her honor on Sunday, Feb. 20 with more than 100 guests coming to the club house of Paseo de Palomas in Campbell to extend their best wishes.

A native of San Francisco, Mrs. Pyzer moved with her family to Southern California in 1935. She made her home at Hidden Valley Ranch in Warm Springs, until her husband's death in 1967 when she moved to Paseo de Palomas, Campbell.

In addition to her four children, 11 grandchildren and eight great-grandchildren were on hand to celebrate the happy occasion, which was also the birthday of a grandson, Tim Pyzer of Los Gatos.

Family and friends coming from out of town included a daughter, Mrs. Ed Hinds of Alhambra, Mrs. Frances Roberson, a granddaughter, a great granddaughter, Ruthie of Clearlake Highlands; sisters Mrs. Ferne Drury of Rosemead, Mrs. Paul McFarland and her husband of Phoenix, Ariz., and Mrs. Leone Jones of Twin Falls, Idaho.

Also traveling some distance were Mrs. Mignon Pyzer of Clearlake Highlands, Mr. and Mrs. B. Meadows and Mr. and Mrs. H. Ellison of Ukiah, Miss Emily Smith of Pasadena and Mrs. Ethyle Hetherington of Walnut Creek.

Church provides series of community discussions

Pastor Eugene Sample of the Campbell Seventh-day Adventist Church is joining 3,000 Adventist pastors in North America to provide a series of community open-house discussions titled "Reach Out for Life" in 1972.

The pastor reports that "similar community discussions will begin simultaneously March 4 in the United States, Canada, Australia, the Far East and in the Inter-American areas."

At their world business session in June, 1970, leaders of the Seventh-day Adventist Church resolved to make the resources of their organization available to men and women around the world, in in an all-out endeavor to help them find real meaning and happiness in life.

"The discussions will be relevant to individual and personal needs," Pastor Sample said. "We are going to discuss things like, 'What can I do after I've wrecked my life?' 'Where do we go from here?' 'Is love enough?' and 'Is it too late to turn the clock back?'

"We are going to do everything we can to help folks in our community reach out for life, a better life, and find it," the pastor asserted. We believe the Bible has the answer for many of today's problems," he added.

Because the church facilities at 65 East Rincon Avenue have been sold, Pastor Sample states that the Campbell congregation will be meeting with the Cambrian Park church for these meetings. The Cambrian Park Adventist Church is located at 5265 Carter Ave., one block east of Camden, near Kooser.

Opening night is this Saturday, March 4, at 7:30 p.m. Other meetings scheduled are for Monday, Tuesday, Wednesday, Friday, and Saturday nights during March. The public is invited. For a complete program phone 379-1851.

The religious event, sponsored by Church Women United (CWU), will be observed by the West Valley Council of that group at 1 p.m. at the Saratoga Federated Church, 20390 Park Place, Saratoga. A service will be held by the Church of Transfiguration, 4325 Jarvis Rd. at 7:30 p.m.

The co-op school, now in its ninth year, leases several rooms and a well-equipped play yard for use from 9 to 11:30 a.m. daily from the First United Methodist Church of Campbell.

Nearly 48 mothers on a rotating basis assist Mrs. Marlene Larsen, director, with either the Monday-Wednesday-Friday or the Tuesday-Thursday group of three to five year olds.

Program at the school, which emphasizes free-play, includes field trips, craft and cooking projects and music activities. A light snack is served each day.

LAP-UP SHOT --- Camden player, No. 24, leaps for a lap-up shot against the Branham Bruins in the recent league game. The Camden Cougars lost the game by a score of 87 to 65.

Cougars Corner

by Alan Carmain

CAMDEN HOOP MEN'S HOPES FAIL

As the Camden High Hoopmen entered their last league game against Branham Feb. 18, they had hopes of ending the season with a victory.

After the first quarter of play ended, the Cougars found themselves lagging by a close score of 20-18. This was the closest the Cougars came to the Bruins that night on home territory.

As the second and third quarters rolled around the Cougars seemed to lack an offensive drive, which put the score at 60-49 in favor of the Bruins, at the end of the third quarter.

The Cougars continued to miss the hoop which led to a final score of 87-65 and a victory for the Branham Bruins. The only high percentage shooter for the Cougar's squad was Greg Wades, hitting for six out of seven shoots, totaling 12 points for the game.

The Camden J.V. basketball team also lost to Branham by a score of 55-40.

SPIRIT OF 76

Parents Visitation Night at Camden High School was last Wednesday, Feb. 23.

This night was planned to inform the parents of the incoming freshmen next year, who will be graduating in the year 1976.

The evening started off with Mr. Benner, who headed the Visitation Night and also is head of the music department, leading the Pep Band.. The presentation of colors followed with the Camden High School Cadets leading the way.

Next in line on the agenda was a warm welcome from Mr. Crawford, principal at Camden High School.

Mr. Benner, who is freshman counselor, then proceeded to tell of program planning and all the graduation requirements needed.

He also showed some of the classes available and some of the school grounds with a projector and several slides.

Ending the first phase of the program was Miss Bull, director of education. She spoke on some of the special programs that were going to be in effect next year.

She also spoke some on program planning.

The second phase of the Parents Visitation Night came at 8:30 when the group of about 200 broke up into five smaller groups. These groups were to provide a more informal atmosphere for a question and answer period.

At this time refreshments were served by Mrs. Steins, freshman home economics department.

"I am very pleased with the way the small groups worked out," said Crawford.

WORLD RECORD SET

by Bruce Siggins

A New World Record for the six-man, 24-hour marathon relay was set last week by a squad of track runners headed by Orval Osborn. The event was held from 8 a.m. Saturday morning to 8 a.m. Sunday morning, Feb. 19-20.

Orval's team, called the "Zoo" was populated by juniors Fred Akers, Henry Kolar, Dave Jefferson, Paul Ridgell, and Art Case. They covered a grand total of 233.75 miles in 24 hours. However, the "Zoo" was awarded third prize in the amount of money brought in by their pledges.

Camden's Freshmen runners hold the honors for number one in the money collected, $724.04.

Lance Dunbar's team, called the "Ah-Feel Alright", covered 204 miles each, but brought in over $5 a lap per man running. His fellow athletes in the endeavor were Bill Akers, Frank Kagawa, Henry Nyssen, Tim Siggins, and Tom Alarcon.

Second honors in monies collected go to Greg Sattler's squad of hot runners, who only had five men to start with, and finished with four runners. Dave Heath, John Lazarakis, Eric Ference, and Rick Friedlund rounded out his squad.

The money collected by the marathon—a grand total of $1798.98—goes to buying sweat clothes for the entire athletic department. It was estimated that the money collected would buy over 100 pairs of sweats for the teams.

Prizes were awarded to the three top teams in money collections as follows: first place team gets their choice of either an all-you-can-eat dinner at King's Table restaurant, a pizza feed at the Buy Th' Bucket Pizza House, or all the ice cream you can eat at Lloyd's Ice Cream Parlor. The second place team gets the choice of the two prices left, and the third place team gets the third choice prize.

WEST VALLEY SPORTS

by Dick Sparrer

WRESTLERS TO STATE

Andy Soares (Wilcox) will lead a delegation of four West Valley College wrestlers into action this weekend at the state mat championships to be held at Skyline College. Finals in the two-day event are slated to begin at 7:30 p.m. Saturday.

Soares rambled to an individual title at 167 pounds last weekend at the Northern California championships. Other Viking placers in the NorCal event were Dave Mendez (Buchser), Mitch Vierra (Westmont), and Dan Cunningham (Campbell). The three all picked up fourths in the 134, 142, and 150 pound classes, respectively.

The Vikings ended the dual match season with a strong 18-10-2 ledger on the year. WVC grabbed a 9-4-1 record in the Camino Norte Conference.

CAGERS END WITH WIN

Twelve Vikings broke into the scoring column last Saturday night as the West Valley College basketballers ended their 1971-72 on a winning note with an easy 84-70 victory over Patsy Solano. The victory ran WVC's season ledger to 19-10 while their Camino Norte Conference log stands at 10-4, good enough for third place.

SECOND IN RELAYS

The West Valley College tracksters have very few holes in their line-up for the 1972 season, but those holes showed through last Saturday and cost the Vikings a title in the Camino Norte Conference relays.

The WVC ovalmen handed Contra Costa 18 easy points in the high jump and pole vault to run the Comet point total on the day to 109 while West Valley scored only 96. Santa Rosa was third with 65.

West Valley, however, scored high in many other events on the day and finished with a strong second. Five different relay teams nabbed first places and Steve Gibson (Saratoga) picked up a first in the open high hurdles.

The highlight of the afternoon for the Viking was a big win by the distance medley team. Robbie Robinson (Leigh), Randy Carlson (Westmont), Mike Haninger (Mitty), and Mike Schaecher (Branham) combined to run a 10:12.6 to set a new CNC record.

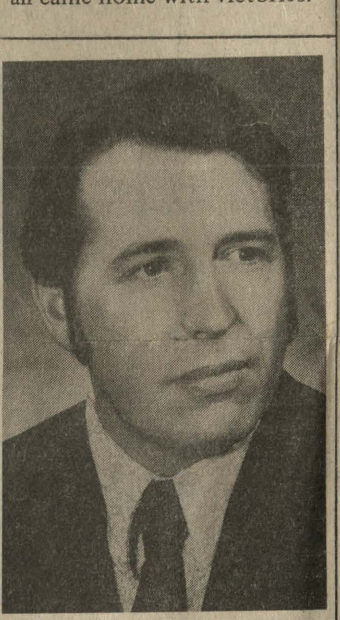
TENNIS TEAM WINS

After rolling to a 5-1 record over the first two weeks of their season, the West Valley College tennis team experienced a "disastrous" week even though they won two of four matches.

The local racquetmen smashed San Jose City College in their most recent outing 8-1 and three days earlier clobbered Cabrillo 6-3. But sandwiched between those victories were losses to state powers Foothill and the College of San Mateo.

Howard Rogers (Campbell) was the only loser for the Vikes against SJCC, but he had moved up from his normal number four spot three positions to number one.

Paul Dias, Ken Hamilton, Charles Sharples, Steve Borkenhagen and Guy Garceau (Westmont) all nabbed wins in the singles classes while doubles teams of Jim Martin (Cupertino) and Dan Horgan, Hamilton and Sharples, and Glen Davis and Borkenhagen all came home with victories.



ANNOUNCES FOR CONGRESS--Gary G. Gillmor, 35, mayor of Santa Clara, has announced he will be the Democratic candidate in the new 17th Congressional District. Gillmor, a high school teacher in the Santa Clara Unified School District for the past 10 years, was first elected to the Santa Clara City Council in 1965 and was the first elected mayor of that city in 1969.

Born in San Francisco, he was graduated from Santa Clara University where he lettered in basketball for three years and was captain in 1957-58. He has a master's degree from San Jose State in educational administration. He is a former captain in the U.S. Army and is also owner-operator of Gary Gillmor and Associates, real estate, in Santa Clara.

SWIMMERS IMPROVE

West Valley College swimming pulled in with a team 11th at the Northern California relays at Foothill College.

In 1971 the WVC swimmers pumped to a 12th in the 20 team event. However, this year, with 22 teams competing, the Vikings bettered that mark and were only a point out of the top 10.

San Jose City College and Sacramento tied for ninth at Foothill with 11 points each while the Vikes were breathing down their necks with 10.

Tom Riley (Prospect), Pete Masley (Los Gatos), and Dave Auchard (Leigh) combined to give WVC their best finish of the day as they pulled in with a second in the breaststroke relay.

Auchard and Riley later combined with Steve Hodos (Del Mar) and Gary Fanger (Leigh) to take a sixth place in the individual medley relay.

In an event that didn't count in the team scoring, West Valley finished second in the special relay.

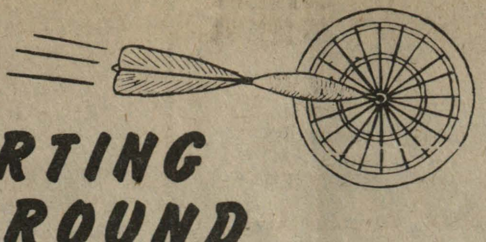
Mark Hendrickson (Buchser) swam breast, Eric Johnson (Del Mar) back, Tom Butts (Leigh) fly, and Greg Trapp (Saratoga) free, to drive the Vikes to the second place.

West Valley meets San Joaquin Delta in Stockton Friday afternoon and American River in Sacramento Saturday morning.

Before competing in the NorCal relays last weekend, WVC hosted Chabot and Sacramento City College in a tri-meet. The orange and blue lost to both teams in the meet, falling to the Gladiators 65-46 and Sac City 62-47.

MARCH 1:

On this date in 1937, the first of the famous B-17 Flying Fortresses were delivered to the 2nd Bombardment Group, Langley Field, Va.



DARTING AROUND

with Tom Carroll

In spite of a pull-out of a group of teams in San Francisco, the Northern California Darts Assn. still grows. The Lord Nelson, Bull & Bush and the Flagship withdrew to form their own association.

This was a loss of seven teams to the NCDA but they picked up more teams than they lost.

The older San Francisco teams do not like to travel. They don't even want to go across town for a match. Last season San Francisco accounted for only 18% of the teams in the Association. Our Campbell-Los Gatos-San Jose area also had 18%. Our teams travel as far away as Burlingame for their Wednesday night games.

With 80-plus teams spread from Novato east through Vallejo and Concord and south to Los Gatos, the association can't cater to one group.

NEW TEAMS

With the start of the new season we pick up some new teams in the area. The Winchester St. Congregation, 1343 Winchester Blvd., San Jose will field two teams this year.

Adding a team will be Campbell's Gaslighter Theater and Andy Capp's in Sunnyvale. New to the group is the Country Store in the Bailey Park Shopping Center in Mountain View. The Country Store also runs a Monday Night tournament.

The El Camino League "B" division doesn't play in our area this season. The teams in that group are from San Mateo, Burlingame and Daly City. This cuts down the travel. Our South Bay "B" division teams only travel as far as Mountain View.

The "A" division doesn't fair as well, but that's to be expected. Their trip Sunday for the divisional play-off was to Concord.

TRAVELING SHOTS

South Bay League Governor Rick Miller recently returned from three weeks in Brazil. He says he only found one dart game and that was in a private club. Since he was there during carnival time, we wonder how hard he looked.

Another traveling report was made by Carl and Jo Aydelotte of the Gaslighter Theater. They went visiting in Dallas, Texas. While there, they looked up the Lemon Quiet Man, a dart pub listed in our national directory.

They returned with glowing accounts of Texas hospitality. For any darters passing through Texas a stop at the Lemon Quiet Man is highly recommended.

ROTC

Because of the acceptance of two girls at the previously all-male Anapolis Naval Academy, there is likely to be an influx of girls enrolling in the high school ROTC programs in the fall of 1972.

To see what the reaction would be if, suddenly one day, a girl entered the military science class and took a seat, I joined the class for one week.

The first reaction was a series of whispered questions such as "What's she doing in here?" and "Is she going to join?", followed by a sinister "Let's initiate her!" and "I volunteer for duty in the fitting room." My first reaction was to just give up, but on second thought I decided to stick to my guns, almost literally.

As I listened to the film and the follow-up discussion, it became apparent that I would need an interpreter. How else would I know that JATO means Jet Assisted Take-Off, or that "at ease" also means SHUT UP!?

At the end of the first hour, I was wondering how to react to the Colonel, who didn't know about me, and who was coming for inspection the next day.

The second day, I walked in and took my seat next to a couple of guys that I knew. The Colonel was talking to Sgt. Major Howard, with his back to me, so he didn't see me at first.

When he did finally see me, he had a puzzled, confused, look on his face for a few minutes, but then smiled at me, and went about his discussion.

After the class, he came up and introduced himself, and we discussed my reasons for being there. It was then that I learned that there are plans to open a female Military Science program next fall.

The following days were spent in discussing the bivouac and being fitted for "utilities", during which time I turned to my usual class.

On my final day, the guys played either basketball or football while I sat on the curb and watched. If they play war games the way they play basketball, we may as well just give up when they join the Army.

CONGRATULATIONS

Does the sparkle in Diane Dailey's eyes match the new sparkle on the third finder of her left hand, or is it just the imagination of the students at Prospect? Miss Dailey, Prospect's journalism advisor, is now in the midst of preparations for a July 22 wedding. Congratulations Paul Petersen.

SADIE HAWKINS

Attention all girls. Grab "yerself" a guy and "git" to the Sadie Hawkins dance at Prospect on March 3, 8-11. There'll be music, dancin', and Marryin' Sam. Don't "fergit"!

QUARTET

FIDDLER ON THE ROOF

If you get to see only one movie this year, make it "Fiddler on the Roof."

"Fiddler" is currently playing at the Century 21 Theater in San Jose. There are a lot of long lines and disappointed patrons at the box office who do not buy their tickets early. The exclusive engagement is reserved seat only.

This simple story about an aging Jewish milkman, who sees his beloved "tradition" falling apart all around him, has proven to be one of the most popular entertainments to come along since "Sound of Music." I don't think it should be compared to "Sound of Music" in any way, however, because "Fiddler" is infinitely more entertaining.

Whether it appears in the form of a play or a movie, its charm is always evident. And while the approach of the movie is somewhat different than that of the play, the movie is still magnificent.

It's a real relief for a gem like this to come along in a year of dreary, violent and ugly films. Regardless of your beliefs you can enjoy the show. And what's more important, so can your children.

Topol, the Israeli actor, stars in the role of Tevye, the milkman. While Zero Mostel is still my favorite Tevye, Topol adds some new dimensions to the role. Topol makes Tevye stronger, somehow, but he doesn't have the great thing going with God that Mostel had in the play. Nevertheless, Topol's performance is singularly beautiful on its own and it has earned him an Oscar nomination for Best Actor. (The film has been nominated for eight academy awards in all.)

Every aspect of the film makes for an outstanding evening's entertainment. So rather than launch into a detailed description of how wonderful everything was, I'll cut it short this week and give you a chance to go buy your tickets. Don't miss it or you'll be sorry.

Andersen was among 308 students who received 4.0 (straight A) averages.

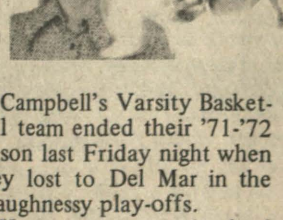
Campbell Capers



by Jeanie Harris and Doreen Henner

Campbell's Varsity Basketball team ended their '71-'72 season last Friday night when they lost to Del Mar in the Shaughnessy play-offs.

Having come out in third place in the West Valley league, the Bucs were eligible to enter the Shaughnessy Basketball tournament. The first play-off game against Saratoga ended with a victory for the Bucs with a score of 64-58.

Dave Bush led his team in that game with 23 points, with Dan Takacs adding 16, Steve Davis 10, John Parisi 11 and John Forbes scoring 4 points.

The following night in the game against Del Mar, star center Dave Bush fouled out in the fourth quarter, with only 6:44 remaining in the game. Without his high-scoring abilities the Bucs went downhill, to lose to the Dons by a narrow 66-64.

"We had a GREAT basketball season this year", said Coach Evans with a smile.
